**NOTES:**

Data is as of May 2017

The data source for this report is the CMS Health Plan Management System.

Records with enrollment between 1 and 10 (inclusive) are set to blank in order to comply with privacy law requirements.

A record with fictitious contract number "Under-11" has been added for each SNP type, aggregating all records of that type with 1-10 enrollment.

Employer-only group plans are omitted from this report.
